116						
118						
120						
122						
124						
126						tighter

- Sit in a paddling position and measure around your waist. (navel height)**
- Find this measurement in the left hand column, and match to your bodytube size.**

In some cases, sizes will overlap. Choose either a looser, or tighter fit.

**We also offer:**

- custom sized and larger bodytubes.
- Adjustable belts for shared kayaks.
- A more expensive 'super stretch' neoprene. It will reduce in circumference as your paddling workouts have an effect!
- Custom bodytube heights.
- Alterations and repairs to your existing spraydeck.
